

Vegas Summative Rubric

1. Music Bed for duration of video
2. The audio has a clear sound & does not excessively redline and/or distort
3. At least 12 full screen pictures - no letterboxing in final product (1920 x 1040 pixels), all PNGs
4. At least 12 pictures have panning and/or cropping motion (Ken Burns Effect)
5. There are at least 10 transitions and/or fades between the pictures being used as "A-roll".
6. At least 4 animated gifs, on transparent backgrounds, are used in another track as "B-rolls" (like the animated animals in Project 1). These fade or come in with a transition
7. All animated gifs are panned so that they do not appear "dead center" in the video & do not block important details of the "A-roll"
8. At least 3 text-overs, all standing out from the background and readable
9. All text fades in or uses a transition -- no text appears as a "cut" or just appearing suddenly
10. Students name appears as a "bug", semitransparent, placed out-of the main video content using the graphic w/chroma key we made for Project 1

8 or 9 of above = 4, 6-7=3, 4-2=2, 1-2=1, 0=Nothing Turned In
